

# McCarthy's Removals & Storage Annual Review

Our look back at a great year for McCarthy's Removals & Storage in 2017

**ON THE MOVE:** In 2017, we have completed over 2,500 removals across Leeds, Yorkshire, the UK and overseas.

**EXTRA STORAGE:** We opened brand new personal and business storage units at our Harrogate branch, increasing our capacity by 50%.

**MOVING ON UP:** Despite removals enquiries over the busy summer period being down, revenue was up on the previous summer.

**SHRED & RECYCLE:** This year, we have recycled approximately 400,000kg of confidential paper waste which will be reused as toilet paper or paper towels.

**VINYL REVIVAL:** On one removal we moved a collection of over 8,000 LP's. We also helped iconic store Jumbo Records move premises in central Leeds.

**SAFE & SECURE:** Over 10,000 new archive boxes entered our document storage facility this year.

**TIME FOR TEA:** We think that over 11,000 cups of tea were consumed by our removal crews this year! As we all know, tea is the fuel of a smooth removal!

**ANYTHING ELSE TO MOVE?:** We safely moved 45 pianos over the summer as well as 4 safes, 20 ATM machines and a V6 car engine.

**BOXED UP:** We estimate that our removal crews moved approximately 75,000 boxes in 2017!
